Details

Description

This compact and flexible scrubber drier can be used for variable applications. A low – noise cleaning is in both directions possible. Special features of the machine are the hinged push handle and the easily removable tanks, which can be carried with an ergonomic handle. The tanks can also be filled at low wash basins. The brushes and squeegees can be changed within a few seconds without any tools.

Application

Due to its flexible construction the economic scrubber dryer can be used for areas between 100 and 450 sqm for example in shops, hospitals, restaurants, hotels, crafts and in various industries.

Features & Benefits

Comfort for the users due to the ergonomic push handle. Saves space because of the hinged push handle.

Easy to transport because of an integrated under - carriage and additional transport wheels, which can be fixed at the push handle, if they are not needed.

Tanks can be removed without any problems and also filled at low wash basins.

High tank volume of 10 litres, which leads to longer cleaning intervals.

Brushes can be changed within a few minutes without any tools.

Squeegees can be easily changed as a compact unit.

Innovative design, high service and user friendliness.

Easy understandable brush contact pressure adjustment with pictograms.
