

ALTO SCRUBTEC 343

– WHY COMPROMISE

Compact cable and battery walk-behind scrubber/dryer

ALTO[®]
Why
Compromise[™]

Clarke
TECHNOLOGY

High productivity

- Scrubs and dries the floor in one single pass
- Large scrubbing deck
- Long running time with standard batteries
- On-board charger, easy to charge everywhere
- 29 litre solution tank
- Easy access to all components
- High brush pressure
- Adjustable solution flow with solution save mode

Focus on ergonomoy

- Adjustable handle
- Ergonomic and easy to use
- Parking and transport wheel for easy handling
- Large, full removable recovery tank (without any use of tools) that allows you to clean it away from the machine
- Solution flow can be ergonomic adjusted by foot
- Brush support in front of the machine (for protection of the brush, and for easy transportation and storage)
- Large full open recovery tank for easy cleaning

Focus on reliability and durability

- Break away squeegee protects the machine and inventory
- No tool squeegee adjusting
- Full polyethylene chassis (avoids corrosion and long life time)
- Polyethylene tank system
- Float system that shuts off vacuum air flow when tank is full (prevents overflow)
- Low voltage cut-off protects the batteries

Focus on efficiency

- Floating scrubbing deck to work on all floors
- Squeegee with good performance leaves the floor dry even on rough floors
- High brush pressure and possibility to use black pads
- Close edge cleaning
- Low noise level, suitable for daytime cleaning, also in hospitals
- Adjustable brush traction
- Wide range of different brushes and pads, can be tailor made for all applications

The high efficient and compact scrubber dryer, is ergonomic designed with easy to understand integrated control panel.

With all that bigger scrubber/dryers have...

The new ALTO SCRUBTEC 343 range is extremely compact and ideal for all-round cleaning of all different kinds of floor with 5 different brushes and 5 different pads; compact, easy to transport and very user friendly.

SCRUBTEC 343 is available in four different configurations, both battery and electrically version, and offers a high brush pressure in a compact and modern design.

SCRUBTEC 343's large 29 liter tank allows continues use for more than 1 hour, and thanks to the powerful brush and the squeegee, the SCRUBTEC 343 will leave the floor clean and dry even in heavy-duty applications.

Other significant advantages with the SCRUBTEC 343 are a reliable polyethylene chassis with all integrated components, parking and transportation wheel, on-board charger on two of the battery versions, water save system, brush click on-off and even more. Meaning SCRUBTEC 343 is the perfect solution for all cleaning tasks!

Typical applications can be found in hospitals & health care facilities, supermarkets & shops, garage and car facilities, schools, restaurant & cafeterias, administration and state buildings, food industry, industry and and

The theoretical capacity of SCRUBTEC 343 is 1720 m²/h, and it cleans an area of up to 2500 m² on a single battery charge.

Flexible in use

- Hospitals & health care facilities
- Supermarkets & shops
- Garage & car facilities
- Schools
- Restaurant & cafeteria
- Administration and state buildings
- Food industry

Easy foot controlled solution adjustments with a economical solution save function

The recovery tank can easily be removed and clean away from the machine and it also permit full access to battery compartment.

Value for money

• Full open tank lid for easy cleaning of the recovery tank

• Full polyethylene body for long life and easy cleaning

• Front solution tank fill with brush holder

• Off-set brush deck with protection wheel for close to the wall scrubbing

• Brush click on-off

• Adjustable handle for comfortable operator position

• Easy to understand control panel

• Available with "on-board charger" to recharge everywhere

• Long recovery hose for easy emptying

• Solution adjusting with solution safe valve

• Protection wheels on squeegee

• Quick change blades system without using tools

• Large non marking wheels

• Solution draining valve

• Parking and transportation wheel

Choose the perfect scrubber for your needs

The ALTO SCRUBTEC 343 series offers a choice of four models:

Three battery models, with or without on-board charger or fully equipped ready to use, and one cable model, all with 430 mm cleaning path. We also provide a wide range of accessories so you can custom-build your scrubber to match your specific cleaning needs.

B for Battery, E for Electric/Cable
